Subject: Harley Trip DRY RUN ['Watchdog': checked]

I'm going to depart next Monday morning on a dry run of the Harley Trip - marking miles, any traffic/construction issues, sites and other various necessities along the way, etc.

Are there any things in particular that you are looking for that you think I may not automatically look for?

I'm not going to travel at the same schedule as the trip itself so I'll build in some traffic times where necessary.

Some questions:

1. Travel buddies: who is riding the entire trip
2. Meeting parties: any luck with Schaller and others in determining if there will be "regional" riding buddies?
3. Interns: Dorothy - can Joe Aihlers travel with me Monday and Tuesday? if he can, he'll be the advance guy w/Steve
4. Shirts: how many do you think we'll need? My guess is that these are going to run \$25 smacks a piece given the front/back design and the issues of low quantity and quick turn-around. I can order 30-40 on my credit card but folks are going to have to actually pay for them.
5. Dorothy: any luck in getting a hands free communication device for SKW and I?
6. Dorothy: I need to get hotel rooms for the gang and I. Can you forward me the listing of the ones where SKW is staying? We may not stay at the same one depending on cost - but it'll be helpful in determining where to find something nearby.

Other concerns, issues? Lets talk.

Advance Car/Press -- looking for any unexpected obstacles, getting to event site (if we have one) and making sure people are there and they are ready and preparing any press contacts or getting them set up/invited
Steve Mokrohisky
Joe Aihlers

Leading the Crew - needs of the riders, leading the way for traffic, making sure folks get in and out of stops and keeping everyone together as well as helping with events (advance folks will leave shortly after trip arrives) and getting everyone together each day
